Garden Home - Walk to Rail and Shops

With short walk distance to rail and shops, this garden home is set in a prestigious East side location designed to maximize and capture the desirable sun drenched north to rear aspect.

Behind the private front facade lies a modern four-bedroom home brimming with style and comfort framed by beautiful, manicured gardens. Two internal courtyards and completely private back garden intertwine modern living with space, style, flooding sunlight and luxuriance.

A bespoke Hamptons style kitchen with an oversized stone island and large built-in pantry opens to the tranquil courtyard, the perfect space to enjoy a sunny family breakfast.

The open plan living and dining area contains a handy study nook and flows out to a stunning courtyard, with an automatic opening louvre roof alfresco entertaining area.

A sunny hallway with glass doors connects the front part of the home to the rear and opens to a large second family living area which flows seamlessly to the beautifully designed gardens.
