could easily serve as a workshop, storage area, hobby space, or home based enterprise depending on your needs. Outdoors, the scale of the land truly sets this property apart. The 2.52 hectare parcel includes a bore which assists with irrigation across the block. The property is currently operating as an archery park, demonstrating the versatility of the land for a variety of uses. Location is where this property becomes particularly compelling. Positioned on a prominent corner site at the intersection of Bussell Highway and Cookworthy Road, the block backs onto the prestigious Cambridge Estate and sits within a high growth corridor connecting Abbey, Vasse, and Broadwater.

The lifestyle convenience is exceptional. The pristine waters of Geographe Bay and the Abbey Boat Ramp are only around 800 metres away, making beach days, fishing trips, and sunset walks part of everyday life. Directly across the road you will find the highly regarded Amelia Park Lodge, a favourite local destination for dining and gatherings.

Just minutes away, the rapidly expanding Vasse Village precinct continues to grow with major amenities including Bunbury Farmers Market, Coles, McDonald's, Shell, medical and physiotherapy services, a pharmacy, and an increasing range of specialty shops and dining options. Families will also appreciate the property being within the Vasse Primary School catchment and close to Cape Naturaliste College.

Public transport routes pass directly by the property, while the nearby Monaghans shopping complex, only a short distance away, offers convenient local services including Claudio Bakehouse. For developers, investors, or strategic buyers looking to secure land in a tightly held coastal growth corridor, the potential here is clear. Large parcels in locations like this are becoming increasingly scarce, and the surrounding development only reinforces the long term opportunity.
