Top floor, so no one dancing on your head, this is one of the original units, so it is a rock solid construction! Cavity brick so the summers just became degrees cooler for you- even without the air conditioning!

Living in Albion is already a vibe with the restaurants, bars, transport and sporting venues within easy walking distance. Add to this the upcoming Olympic Games in 2032 and you'll be beating your family and friends off with a stick as they pester you to open your home to them so they too can walk to events!

In the meantime - here is your opportunity to purchase your dream property without breaking the bank!

You'll kick yourself if you miss out on this one!
