verandah further enhances the home's charm and connection to its peaceful surroundings.

The family bathroom is equally impressive, featuring a clawfoot bathtub, separate toilet, and generous space for everyday comfort. Ducted air-conditioning throughout ensures climate control in every season, while an abundance of storage adds to the home's practicality.

Outdoors, the property continues to impress with extensive infrastructure. A substantial shed offers clearance for a full-size caravan or boat and includes a rear mezzanine for additional storage. A second shed with three roller doors and workshop space provides even more versatility. The attached double garage&mdash;currently utilised as a home gym&mdash;and adjoining double carport complete the picture.

Sustainability and self-sufficiency are well catered for, with approximately 100,000 litres of filtered water storage, solar power, and established fruit trees enhancing the property's appeal.

Offering space, privacy, and an exceptional range of features, this is a rare lifestyle opportunity designed to accommodate the needs of modern family living with room to grow.
