The existing double storey brick and tile home would have been constructed in the 1970's and provides a practical and very functional floorplan which currently includes 3 bedrooms, a very tidy main bathroom, spacious lounge, dining and family areas, and a renovated quality stone and timber kitchen. There is a delightful rear deck for enjoying the superb north-easterly breezes too!

Internal stairs provide excellent connectivity between the two levels.

There is a brilliant selection of additional multipurpose spaces downstairs which provide the perfect spaces for teenage retreat, dual occupancy, studio or home business space.

There is also a large rear shed with power, that has scope to enhance and transform if desired also.

The generous block offers an abundance of opportunity both now and in the future! The inground pool is well positioned, and provides a wonderful space for summer enjoyment and Christmas entertaining. There is plenty of level and safe play space for both children and pets also.

This large lot has a wide 18.2 metre frontage and a depth of 50.3 metres approximately.

Additional property features include ducted air conditioning and ceiling fans, remote garaging, plenty of storage and great off street parking capacity.

Make no mistake, this is an incredibly appealing position for your next home or astute investment. Aspley is one of the Northside's hottest suburbs and this property is also right on the border of Chermside West. The location is approximately 12km from the Brisbane CBD and provides easy access to the Sunshine and Gold Coast motorways and Brisbane Airport. Situated within a sought after and central position with great public transport options, walking distance to parkland, Prince Charles and St Vincent's Hospitals, quality schools, child care centres, and the extended Westfield Chermside shopping, dining and entertainment precinct, there really is so much to love here. Buyers seeking a rare and affordable opportunity should view this rough diamond!
