

44 Jendi Avenue, Bayview

## Decidedly Bold. Singular by Design

This architecturally designed residence is a masterpiece of symmetry, balance and sophistication. Privately set within a lush cul-de-sac, the design embraces uninterrupted northeasterly views from nearly every vantage point, while a restrained material palette grounds the home in its natural setting. Each aspect of the residence has been intuitively designed with a clear focus on family functionality and style, with a free-flowing open layout, custom-designed joinery and streamlined interiors.

It features the kind of top-end finishes and appointments that elevate daily living to an exquisite experience; the indoor/outdoor connection is boundless - interiors merge with sun-drenched terraces and deep, full-length decks on both levels. The kitchen is a study in considered restraint; fully integrated Siemens, Liebherr and Bora appliances disappear behind seamless cabinetry, leaving nothing but clean lines and pure uninterrupted form. The same care extends to the sleeping quarters - restful and refined, the primary suite and additional bedrooms open to the decks, while bathrooms reveal a striking interplay of light and form.

Positioned in one of Bayview's most coveted pockets, 44 Jendi
