The house, held by the same family for over 30 years, offers enormous potential. In its current configuration, you'll have 3 bedrooms with built-in wardrobes, 2 bathrooms, a large main bathroom, an open plan living & dining area and a large kitchen. From the living & dining area, you not only take in the ocean views, but you also have direct access to the outdoor deck and of course the uninterrupted ocean views. At street level, there is a double garage and workshop, it's from here you can access the lift that takes you straight into the house.

The sunroom and front deck overlooks the front gardens and offers another private and peaceful place to enjoy this wonderful property.

Overall, these opportunities rarely come along. This could be your chance to design and enhance what is already a stunning property. The existing home is in excellent condition, allowing the luxury of living in it while you plan its next phase.
