Reluctant sale of rare coastal property

Being the custodians of a significant piece of Tasmania's Bay of Fires landscape is an honour and privilege experienced by only a few. When it is a family property that holds decades of wonderful memories and evokes strong emotions with everyone who visits it, it's a difficult decision to relinquish it. 300 Gardens Rd is one such property that offers you an opportunity to continue the respectful custodianship of this property that is more than just real estate, it's a piece of Tasmania's rich tapestry of where land meets the ocean. Set in an elevated private coastal bush setting at the end of an engineered driveway, you'll find a modest, yet comfortable home that promises you time to become part of the landscape. The low maintenance home offers accommodation for large gatherings, with the four bedrooms and two bathrooms. The large family lounge with its raked ceilings is an inviting space for genuine relaxation, games nights, story telling or planning your day's adventures ahead. A single garage and 3kW solar provide convenient storage and energy efficiency.
