

17 Tuscany Green, Binningup

Binningup Treehouse - Architectural Character Meets Coastal Lifestyle

The Binningup Treehouse is a standout piece of the original vision for southern Binningup. Built by the original land developers as a showcase home, it was designed to live in harmony with nature, nestled among peppermint trees, with steel, glass, and open spaces that bring the outdoors in.

Set on an 873sqm block, this home features 4 bedrooms, 2 bathrooms, multiple living areas, floorboards, and high ceilings, creating a sense of light, space, and connection to the outdoors. Upstairs, expansive glass offers near 360-degree views, letting light, birdsong, and the surrounding landscape become part of everyday life.

Tightly held with only two owners, this iconic home has also thrived as a profitable holiday retreat. Its open-plan living, seamless indoor/outdoor flow and wood fire heating make it ideal for both family living and entertaining.

Successfully operated as an Airbnb, it has welcomed returning guests
