Timber deck off the back of the house means you can sit and watch the kids play. A bitumen driveway runs from the road entry to the side of the home , and there is a detached double garage with power , plus garden shed , to the rear. The property is fenced with a recycled timber feature fence around the front garden with established trees and shrubs , a fenced off "chook run" behind the garage , and a separately fenced rear paddock with twin "stable" with a water connection available to it.

The property is zoned RU5 large lot residential which permits dual occupancy and certain commercial uses. (Owner enquiry with Council has also confirmed the property is suitable for a community title or strata subdivision development subject to DA approval).

This delightful property offers opportunity for the "hobby farmer" or self sufficient owner to enjoy an active rural lifestyle close to town and amenities . The property is owner occupied and notice for inspections would be appreciated.
