

Braddon, 322/1 Elouera Street

Resort Qualities in a City Apartment

This stylish and contemporary apartment at 'Midnight' offers resort-style living just minutes from the CBD.

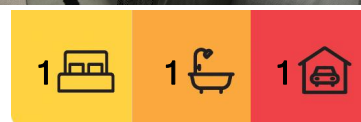

One of the benefits of having a hotel in the same building as your apartment is that you get the security, services and amenities that go with it. The indoor heated pool, sauna and gym are great examples of this, as are the internal gardens lined with boutique stores.

The same design elements that you see in the impressive lobby are mirrored in the apartment itself, with those crisp black highlights throughout. This is a modern, luxury setting with space for separate lounge and dining, a modern well-equipped kitchen and plenty of storage.

The bedroom is enveloped by glass on three sides, one being access to the balcony, which is almost fully covered, meaning you can use it in all weather.
