Focus on Family

A true family haven awaits behind the tall front fence and electric entry gates. Once inside, the concrete driveway extends beyond the high-gabled double carport to the welcoming front door, setting the tone for relaxed family living.

The spacious living room sits at the front of the home, opening through a glass sliding door to a large undercover entertaining area and the inviting inground saltwater pool — perfect for cooling off and creating lasting family memories.

The living area flows seamlessly into the open-plan dining and kitchen zone. The island breakfast bar doubles as a casual eatery and gathering hub, while generous cabinetry, a walk-in pantry, stainless steel rangehood, and gas cooktop make cooking a joy.

All four bedrooms feature built-in robes, ceiling fans, and quality window furnishings. The main suite is a generous retreat with its own fully tiled ensuite. The family bathroom is equally impressive — fully tiled with a full-size bath, separate shower, and vanity, plus a separate toilet for convenience.

Outdoor living is front of mind, with an additional patio on the eastern side of the home complementing the large western entertaining area
