Affordable first home with the space you need

First home buyers and young families looking for space, flexibility and an affordable entry onto the property ladder, this is the home for you. Fresh updates, two separate living areas, three good-sized bedrooms and a big backyard create a modern family home you can enjoy right now, with the freedom to grow with you over time.

Spread out with two living spaces: At the front, the formal lounge and dining are framed by full-length windows that bathe the space in natural light. Walk through and the spacious family room adds a welcome surprise. Large enough for both lounging and dining, it's a proper second living space where families can spread out, entertain and live without feeling on top of each other. The open-plan kitchen sits alongside creating a natural hub for the family.

Fresh updates that make life easy: Brand-new paint, carpet, curtains and LED lighting ensure a consistent, fresh feel throughout. All three bedrooms are updated and ready to enjoy while the refreshed bathroom has a brand-new shower, shower screen and vanity. The ducted heating and cooling across the home ensures that you will be warm and cozy in winter and cool in summer.
