

14 Ercildoune Street, Cessnock

Rare Corner Block Opportunity — R3 Zoned, Subdivision Potential (STCA)

Calling all savvy investors and developers. This is the kind of opportunity that doesn't come along often in Cessnock's tightly held property market.

Positioned on a commanding 809m² corner block and zoned R3 Medium Density, 14 Ercildoune Street presents genuine dual potential: hold and rent the existing home for immediate income, or explore subdivision subject to Council approval to unlock even greater long-term value (STCA). With Cessnock's growth corridor continuing to attract buyers and renters alike, blocks of this size and zoning in this location are becoming increasingly hard to find.

The existing three bedroom cavity brick and tile home offers a blank canvas to work with. While the property is in need of some repair, this is exactly where the opportunity lies; a chance to add value, renovate to rent, or reposition the site entirely as part of a future development play. For the investor with vision, this is a blank canvas backed by land content that speaks for itself.
