The master suite is a true retreat, featuring a built-in robe, updated ensuite and private parents' retreat, providing the perfect space to relax away from the main family areas.

The remaining bedrooms are generously proportioned and include built-in robes, while the formal lounge at the front of the home provides a separate living space for quiet relaxation or entertaining guests.

The spacious open-plan meals and family area form the central hub of the home, providing an ideal environment for bringing the family together.

Year-round comfort is assured with ducted reverse-cycle air conditioning, while roller shutters and internal blackout track blinds provide additional privacy, security and darkness - particularly beneficial for shift workers or anyone requiring daytime sleep.

Step outside and discover an equally impressive entertaining environment. The beautiful peak-roof verandah, complete with LED lighting, overlooks manicured gardens and creates the perfect setting for family gatherings, entertaining friends or simply enjoying the outdoors.

A handy toolshed and established herb garden add further practicality to the backyard.
