Adding even more value to this remarkable property is council approval to construct a second dwelling on the upper podium level. This future eco-friendly residence has been architecturally designed to mirror the flow and rhythm of its natural surroundings, capturing uninterrupted valley views and cooling breezes. With four bedrooms and four bathrooms, the proposed dwelling exemplifies the very best of indoor-outdoor living; open, fluid, and immersed in nature. A harmonious blend of sharp architectural lines and soft organic curves, this home promises to become an icon and represents an extraordinary opportunity to create a forever home in one of the Gold Coast's most spectacular locations!

The land itself is as impressive as the home. Featuring several levels and gently sloping terraces, the block presents endless potential for landscaping, gardens, additional structures, or simply enjoying open space and serenity. The property was recently slashed, revealing the true scale of the lot and showcasing the significant regeneration efforts already underway across the hillside. With a substantial investment made toward restoring and enhancing the natural environment, the groundwork has been laid for a sustainable and visionary future on this unique parcel of land, the sky is truly the limit!

Complementing the main residence is a beautifully converted studio, the fully self-contained structure is ideal as an artist's studio or workshop. The structure includes a modern kitchenette and bathroom, plus two other spaces and its own storage garage. With a separate driveway and its own private outdoor space, it offers independence while remaining connected to the rest of the property!

Inside the main home, you'll find three generously sized bedrooms, including a master retreat with its own ensuite and tranquil garden views. Due to its semi-detached position within its own pavilion, the master bedroom offers a unique level of separation and privacy, making it ideal not only as a peaceful sanctuary but also as a potential home office, creative studio, or consulting space. This flexible layout allows for professional use without compromising the flow or function of the main living areas.

Timber flooring runs through the kitchen, dining, and lounge areas, complementing the home's natural aesthetic. The modern kitchen is fitted with stone benchtops, stainless steel appliances, and ample storage, making it as practical as it is beautiful.

Step outside to a large alfresco entertaining area overlooking an in-ground pool, complete with glass fencing and a striking stone waterfall feature. The property also boasts two large rainwater tanks, a bio-cycle system, a vegetable garden, a storage shed, and undercover parking for two vehicles. Panoramic views of the valley provide a breath-taking backdrop to everyday life!

Tucked away at the very end of Estelle Road in a quiet cul-de-sac, the home enjoys a peaceful, traffic-free position. It also backs directly onto the Estelle Road Reserve, further enhancing the sense of space and privacy, and ensuring no neighbours to the rear, just uninterrupted greenery and the sounds of nature!

Despite its secluded feel, this home is just a short drive to local beaches, shops, schools, and Gold Coast Airport. Local attractions, including the popular Currumbin Rock Pools and Currumbin Valley State School, are only minutes away.
