360-Degree Views and One Iconic Address

Harbour splendour meets iconic architecture in this whole-floor apartment to deliver the ambiance of a skyhome wrapped in 360-degree views centred on the Harbour Bridge and Opera House. Bathed in natural light, this three-bedroom residence is spread over 165sqm approx in the landmark circular "President Towers", one of Sydney's only circular apartment buildings and finest examples of mid-century architecture built in 1971. Introduced by a private lift foyer with views from every room, the apartment's free-flowing radial layout affords a truly awe-inspiring vista that stretches north to The Heads and transforms into a kaleidoscope of colour by night. Perfectly comfortable as is, there's a future upside too with scope to add your stamp of style with a cosmetic update capitalising on its phenomenal views, dress-circle address and unique architecture. Set amid award-winning gardens, President Towers lives up to its name and features superb facilities including an outdoor pool, sauna and gym and is just 450m to Rushcutters Bay Park and the Cruising Yacht Club of Australia.
