beyond. This room is complete with thoughtful storage, ensuring kids' toys and everyday clutter can be neatly tucked away.

The main bedroom is a peaceful retreat, complete with a beautifully renovated ensuite and walk in robe, while bedroom two features a built-in robe. The main bathroom has been luxuriously renovated with an emphasis on space, featuring a bathtub, while a neatly separated toilet adds everyday convenience.

The thoughtful renovation has maximised both comfort and efficiency, with a clear emphasis on solar passive design. Double glazing throughout, ducted gas heating, reverse-cycle air-conditioning and solar hot water ensure the home stays comfortable and cost effective year-round. Storage has been cleverly integrated wherever possible.

Out the back, a large, covered hardwood deck offers the perfect space for entertaining. Think lazy Sunday brunches, birthday parties, summer barbecues, or simply relaxing with a coffee in the morning sun. From the deck, the yard opens into a generous lawn area ideal for children to play, pets to explore, and families to enjoy the outdoors together. A sizeable paved entertaining area expands your options even further, giving you space for larger gatherings or alfresco dining under the stars.

The home also offers future potential. The current owners have undertaken the process of exploring a potential subdivision, highlighting the opportunity for further development (subject to relevant approvals). Plans for an architect designed second dwelling are available upon request. This adds an extra layer of appeal, whether you're seeking a long-term family home with options down the track, or an investment with scope to grow.
