without sacrificing the peaceful seclusion that Bayview provides. Live in one of the three residences as they are, or alternatively renovate or rebuild your ultimate dream home and capitalise on the limitless potential this property has to offer. This estate represents a rare investment opportunity for the discerning buyer seeking the ultimate oasis in paradise.

From the moment the estate's security gate draws open, you'll follow the winding driveway past the tropical landscaped gardens and majestic Norfolk pines, as the magnificent rural and ocean views unfold before you. A tranquil estate where you can truly unwind and relax, yet also a home that transforms for any occasion: catering to family, entertaining friends, or hosting large celebrations in true style.

This estate comprises three distinctive living precincts: The Main House, The Lodge Precinct, and The Cottage.

The Main House features 4 bedrooms, 3 bathrooms, a separate study/office, spacious kitchen, expansive entertaining deck overlooking the vast panoramic view, and a large open-plan family room bathed in the natural light from surrounding windows, providing an ideal setting for luxurious living.

The Lodge Precinct showcases two levels of unparalleled luxury living. The ground level, "Lodge," houses a modern full-sized studio apartment with a luxurious ensuite, boasting floor-to-ceiling glass doors and windows that take in the generous ocean views of the Byron Bay horizon. Equipped with a Sonos surround system, reverse cycle air conditioner, and a 3-stage bio water filter, the Lodge is a haven of comfort and sophistication. Its upper level, known as the "Loft," with its generous covered balcony, provides the versatility of multiple uses, serving as a space for car collectors, fitness enthusiasts, and/or a private entertaining / games room. This recently constructed building is seamlessly connected to the main house via a floating staircase.

Nestled within the estate is The Cottage - a private, self-contained, 75 sqm studio featuring an open-plan living, dining and kitchen space and a generously proportioned separate, king-sized bedroom with a large ensuite and laundry. The front porch of the Cottage offers sweeping views of the extensive panorama that Bayview Estate has to offer, providing a tranquil retreat for guests, a caretaker or the potential to generate income.

Bayview Estate boasts a 65,000-litre infinity-edge Magnesium Ozone swimming pool with a turbine swim jet, underwater sound system, and a cabana with outdoor pool-surround sound system.

With additional unique features such as;

- Tropical gardens, vegetable garden and a landscaped heli-pad
- 40,000-litre concrete water tank, 22,000-litre water tank, and 10,000-litre underground water tank
- Three-stage UV water purification system
- Rainwater harvesting from the roof
- Bore water station
- 10.4KW LG solar panels and 2 x 9.8KW LG battery systems generating energy for all the property's amenities, ensuring both autonomy and sustainability
- 40' shipping container included for additional storage on the property, with electricity and water connected, conveniently located beside the estate's outdoor workshop and separate

service driveway

- 2x permanent natural springs
