

12 Love Street, Flynn

Some homes simply feel right the moment you walk in.....

And for this one much of that begins in the beautifully renovated kitchen, the true heart of this home. Thoughtfully designed for everyday living, the long central island becomes the place where mornings begin with coffee and evenings end with family dinners, while the boys spread out their homework at the counter. Quality NEFF appliances, clever storage and a layout made for entertaining ensure it's as practical as it is stylish. From here you can look straight out to the backyard, across the covered pergola and BBQ area to the lawn where the kids play.

The main living room captures one of the home's most special features - uninterrupted views to the Brindabella ranges. Floor-to-ceiling double-glazed windows flood the space with natural light while keeping the home comfortable year-round, creating the perfect place to relax and watch the sun set over the mountains.

A true game changer for this property is the separate studio. Complete with its own bathroom and heating and cooling, it offers incredible flexibility - ideal for a home business, creative studio, guest retreat or multigenerational living for extended family.
