Homes of this calibre, age and design are rarely offered in Forest Lake. With the majority of properties in the area constructed prior to 2004, homes of this era are few and far between, offering a more modern configuration, superior functionality and a level of comfort typically associated with newer builds.

Designed with today's lifestyle in mind, this home delivers the space, flow and practicality buyers seek, without the need for costly renovations often required in older homes.

Ideally located close to bus stops, local schools, shopping centre and the popular lake walking and cycling pathways.
