Accommodation is well considered, with three comfortable bedrooms, two featuring built in robes. The main bathroom includes a full bathtub, while the toilet is neatly separated for added practicality. A standout for convenience is the separate laundry with external access, which also houses a second toilet. New evaporative cooling and a gas wall furnace ensure year round comfort.

The home has also been thoughtfully upgraded with energy efficiency in mind, including ceiling and wall insulation, heavy curtains to help retain winter warmth, and solar heated hot water, enhancing comfort while keeping running costs in check.

Outdoors, the garden is a true highlight. Beautifully established and highly productive, it features lemon and lime trees, hazelnuts, olives, a variety of berries and fruits, and much much more. An automated watering system keeps everything thriving, while a striking water feature creates a peaceful, tranquil backdrop.

Set in a quiet, leafy pocket of Hackett, this home enjoys all the benefits of an Inner North lifestyle and is your opportunity to live not only in sought-after Hackett, but upper Hackett. You're moments from Mt Majura Nature Reserve, local parkland and walking trails, within a 10 minute walk to the Hackett shops for daily essentials, and just a 5 minute drive to the bustling Dickson Town Centre with its cafés, dining and supermarkets. This superb location places you amongst nature, in a tranquil and quiet setting, yet only a 12-minute drive to the Canberra CBD. This is really the best of both worlds.
