dining domain where exposed beams and rich jarrah flooring create warmth and architectural depth. Large windows and glass doors frame both western sunsets to the kitchen and living areas, plus eastern bushland reserve views from the dining zone. The renovated kitchen is both sophisticated and functional, featuring expansive cabinetry, elegant black stone benchtops, reflective glass splashbacks and premium Miele appliances. A servery window opens directly to the front deck, enhancing the home's entertaining appeal, while the generous layout allows for both casual family living and refined hosting.

Accommodation is thoughtfully zoned to provide both comfort and flexibility. Positioned to one wing of the home, a versatile second family or rumpus room benefits from the same mountain views and flows through to the parents retreat - offering the master bedroom, kitchenette and renovated ensuite. The current owners adore waking up to Kookaburras songs, leafy outlooks and natural breezes, or direct outdoor access for a morning coffee looking over the reserve. With its own access points to both the carport and rear garden, this space could also be utilised as multi-generational living, guest accommodation, or potential rental income options. Three well-proportioned bedrooms are positioned along the main hallway on the opposite side of the home, each complete with built-in robes and enjoying a tranquil green outlook, the previous master benefitting from a ceiling fan and its own R/C heating and cooling unit. These are serviced by a beautifully renovated family bathroom with full sized bath, frameless shower and separate toilet.

Outdoors, the home truly comes into its own with so much to discover - established native greenery framing the home, giving shade to the beautiful private lawns at the front, a perfect place for children or pets to thrive and play, with the rear of the home framed by a chain fence ensuring security yet maintaining a view to the reserve at your door with a gate opening directly onto Mount Majura. This seamless connection to nature invites daily encounters with local birdlife and wildlife, reinforcing the home's tranquil, retreat-like atmosphere while maintaining a refined, low-maintenance landscape.

The list of features and modern upgrades are endless - including 3.12kw grid connected solar panels, ducted gas heating, 3x R/C heating and cooling units, added double glazing and wall insulation in ideal areas, electric window shutters to 3 bedrooms, beautifully renovated laundry with outdoor access plus dedicated storage/workshop room. Set within a peaceful pocket of Canberra's inner north, Hackett offers a quiet, retreat-like atmosphere with minimal through traffic, ideal for families with an array of quality schools close by. Bordering expansive nature reserves, it's a suburb prized for its balance of serenity and convenience. Just moments away, the lively hubs of Dickson, Braddon and the CBD provide an exciting mix of dining, shopping and entertainment, while the neighbouring villages of Ainslie, O'Connor and Lyneham offer a more relaxed café culture and local charm.
