bathrooms and multiple living zones spread across two levels plus a fully self-contained studio, everyone has their own wing.

The upper level serves as the traditional heart of the home, featuring three light-filled bedrooms including a master with its own private ensuite, and a wrap-around deck perfect for catching the Holland Park breeze.

Below, the ground floor represents a significant asset for those needing additional space or a separate living zone. Configured with four multipurpose rooms or bedrooms, each equipped with its own air conditioner and built-in wardrobes, as well as multiple rumpus rooms with its own kitchen facilities, this area functions as a secondary residence, making it an ideal teenager's retreat or a private floor for adult children.

Tucked away for ultimate privacy is your very own granny flat. With its own kitchenette and bathroom, it is the perfect setup for grandparents who desire independence while staying close to family, or for use as a premium home office that keeps professional life strictly separate from the main household. This flexibility is what makes the property an investor's dream, providing multiple potential streams of income or a highly adaptable home for a growing family.

The outdoor features and location complete this impressive package. With dual street frontage and open spaces for up to six vehicles, there is massive room for a boat, caravan, or a large family fleet.

Positioned within the highly coveted Cavendish Road State High School catchment and just 400 metres from Seville Road State School, the home is perfectly placed for education. Reap the benefits of being only 4.5km to Westfield Carindale, 3km Greenslopes Private Hospital, and just a little over 8km to Brisbane CBD.
