

Jerseyville, 10 Main Street

THE ORIGINAL

Rumour has it and we are led to believe, that 10 Main Street is the original schoolhouse of Jerseyville.

It would be quite believable once you inspect the home and absorb the design, architecture and detail.

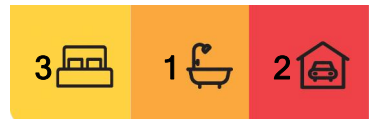

The dwelling is of weatherboard construction with extremely high ceilings, enormous rooms and a floor plan that confirms its past life as an old school.

Located just walking distance to the Macleay River and a short drive to the shops, cafes and beautiful beaches of South West Rocks, this property has the potential to become part of the lifestyle you always dreamed of.

The block is situated on approximately 1000sqm allowing plenty of room for expansion.

If you enjoy a challenge, love old buildings and have a talent for renovating, then this could be the ideal property for you.
