

Kedron, 6/24 Fifth Avenue

Fully Furnished Wonderland.

Absorbing. Engrossing. Sublime. Superlatives do not do the home justice. Architecturally designed, this boutique oasis makes you feel a world away from reality. The level of finishes on display here is more common in multi-million dollar new-build homes in 4031, 4030, and 4011. Sculpted archways, plantation shutters, VJ panelling, a mirrored featured wall, built-in cabinetry, floor-to-ceiling tiling, pendant lighting, and an outstanding kitchen all complete a simply outstanding proposition.

You will fall in love with the oasis that enwraps you as you enter the home. Polished hardwood floors guide you through the property, linking the living space to the bedrooms. Enjoy the personal sanctuary offered by the bathroom. Photos do not do this property justice and it is something that really must be seen to be appreciated.

Plucked straight from the pages of a luxury magazine, this home can only belong to one lucky purchaser. The renovation is probably the best of a two-bedroom apartment our
