Modern Hilltop Home

Perched high on the hill in a well-regarded and established neighbourhood, this modern four-bedroom home offers both comfort and convenience for the whole family. The main bedroom features a private ensuite and walk-in robe, while all bedrooms include built-in wardrobes and ceiling fans for year-round comfort. Three of the bedrooms, along with the main living area, are also air-conditioned. The heart of the home is a centrally located kitchen that seamlessly connects to the dining area, lounge, and outdoor patio, creating an ideal space for entertaining. A separate family room near the entry and a dedicated study provide additional flexibility for work or relaxation. The large main bathroom services the remaining bedrooms, and the home's immaculate condition and functional layout make it truly move-in ready. Set on a generous 809 sqm block with established gardens, the property also features a back-to-grid solar system, side access, and ample space to add a shed if desired.
