Elevated Renovated Home

Positioned high on the hill, this immaculately presented home has been thoughtfully renovated throughout, offering a comfortable and functional layout with nothing left to do but move in and enjoy.

The kitchen, dining and living areas form a spacious open-plan zone, creating a practical central hub for everyday living and opening directly onto both the northern and southern patios. The kitchen features a dishwasher, ample cabinetry and plenty of bench space. A separate private lounge provides an additional living space.

All three bedrooms are generously sized and include built-in wardrobes. The bathroom and laundry have been tastefully renovated, with a separate toilet conveniently positioned off the laundry. Air conditioning is provided to both the dining area and lounge.

Outdoor living is well catered for with patios on both the northern and southern sides of the home. The north-facing patio captures the morning sun and is surrounded by established landscaping, while the enclosed southern patio, with pool fencing, enjoys the afternoon sun. Both spaces provide practical options for entertaining, relaxing or enjoying the outdoors throughout the year.
