Inside, the layout is designed for real life, with flexibility that makes it easy to adapt as your needs change. The freshly renovated kitchen sits at the centre of daily living, updated with new benchtops and cabinetry that give the space a clean, contemporary look. It is a kitchen made for busy mornings and relaxed evenings, where meals come together while conversation flows through the open-plan living and dining area.

Step out to the enclosed patio and you will find one of the home's most loved lifestyle extras. With its own kitchenette, this is a space that invites long lunches, birthday gatherings and easy entertaining in every season. It also doubles beautifully as a quiet retreat, perfect for a morning coffee or an evening wind-down while the household carries on inside.

Upstairs, the home shifts into comfort mode. The master suite feels like a private escape, complete with air conditioning, walk-in robe, ensuite and a balcony that is perfect for a breath of fresh air at the start of the day. The remaining bedrooms are well-sized and practical, each fitted with built-in robes and ceiling fans, and serviced by the main bathroom.

When summer arrives, you will love having the complex pool and BBQ facilities close by. It is the holiday-at-home feeling, without the weekend maintenance.
