stone benchtops.

The home itself is built with generous space in mind set on over 310m2 of internal living area and is designed with an oversized master suite featuring large walk in robe and ensuite. The central hallway separates the other rooms and another second guest suite all light filled, roomy and with private rural aspects.

Kitchen and dining open out over the sun soaked north facing covered and expansive entertainment area next to the above ground 10.5m x 5.5m swimming pool filtered by the latest freshwater system.

Well known rich Newrybar Valley fertile soils suitable for grazing or horticulture and newly fenced paddocks are perfect for horses and arenas with plentiful fresh water from sand filtered lily and lotus flowered lined dams.

2 x 45,500L in ground concrete water tanks with possibility to connect to town water if desired and state of the art secondary treatment wastewater system are in place and design with future development in mind.

There is scope for future development with new state planning policy on various agribusiness and agritourism ventures due to land area and zoning RU1 so this could be the perfect work live venture.

There is also the possibility of a second dwelling on the property with no proximity or size limitations STCA as a separate income stream or just room for guests.
