

12 Camden Street, Lucknow

MODERN 4-BEDROOM FAMILY HOME

Built in 2023, this modern home offers an exceptional opportunity for first-home buyers, investors, or families looking for a comfortable, well-presented property. The heart of the home is its central kitchen with a walk-in pantry, making it the ideal space for cooking and entertaining. The open plan living and dining area creates a welcoming environment for family gatherings, while additionally, a separate second living area offers versatility and could be used as a kids play room, home office, or entertainment space, depending on your needs.

Designed for year-round comfort, the home has both ducted gas heating and a reverse cycle air conditioner. The spacious master suite features a generous walk-in robe and a modern ensuite, offering convenience and comfort. The other three bedrooms are all equipped with built-in robes and are serviced by a central bathroom.

Outside, the property features an undercover alfresco area, perfect for relaxing or entertaining, and a low-maintenance yard, which is ideal for those who prefer to spend more time enjoying their home than maintaining it. The sealed driveway leads to a double garage with a concrete floor, power connection, and an automatic roller door, along with internal access to the home, providing added convenience and security.
