One Address, Endless Possibilities

The opportunity you've been waiting for has arrived at 2 Coutie Place, Macgregor, a versatile dual occupancy property designed to deliver both strong rental returns and flexible family living.

Set on a generous 956sqm RZ2 block, this property offers a combined rental appraisal of approximately \$1,070-\$1,120 per week, with the main residence estimated at \$650-\$660 per week and the self-contained granny flat at \$420-\$460 per week. The main residence has been thoughtfully refreshed, creating a warm and functional home ready to move into or lease immediately. A renovated kitchen with quality Bosch appliances anchors the home, while three separate living areas provide flexibility for growing families or shared living arrangements. This adaptability not only enhances everyday living but also broadens the property's appeal in the rental market.

Both dwellings enjoy separate, private outdoor spaces, allowing occupants to live comfortably without compromise, a key feature for both tenant satisfaction and multi-generational harmony. The tiered backyard offers room for entertaining, relaxing, or future improvements, while maintaining clear separation between the two residences.

Comfort and practicality are well covered, with ducted air conditioning to the main home, split systems in the granny flat, ample storage, and a separate laundry. Parking is equally impressive, with a double tandem carport, multiple off-street spaces, and additional room for caravans, trailers or recreational vehicles.

Positioned in a convenient, family-friendly location, you're within walking distance to Macgregor Oval, Macgregor Primary School, and public transport, with the University of Canberra and local shopping centres just a short drive away, supporting both strong rental demand and long-term liveability.

Whether you're looking to maximise returns, accommodate extended family, or secure a property that adapts with you over time, 2 Coutie Place offers a rare combination of flexibility, income and future potential.
