mind and finished with gas cooking, good storage and a layout that connects effortlessly to both the dining and outdoor entertaining areas. From here, life naturally spills outside to the covered deck and pergola, an inviting space for morning coffees, weekend BBQs or relaxed afternoons overlooking the backyard.

Outdoors, the owners have thoughtfully improved both the front and back yards, creating a more established and enjoyable space to live in. The backyard includes a garden shed for additional storage, while the planted areas and low-maintenance design make it both functional and easy to care for. Around the home, adjustable lighting has been installed, allowing you to set the mood with cool, warm or white tones depending on the occasion. As well as solar being added.

All three bedrooms are well-proportioned and include built-in robes, while the bathroom is positioned for everyday convenience. Comfort is well considered throughout with split system heating and cooling, carpeted bedrooms for warmth, and a single car garage with internal access adding ease and security to daily life.

LIVE.

Life here is all about balance, peaceful living at home, with everything you need just minutes away. Set in one of Macgregor's most convenient pockets, you're close to local schools, parks, walking tracks and public transport, making day-to-day living simple and connected.

Kippax Fair, Westfield Belconnen and a range of local cafés, restaurants and essential services are all within easy reach, while surrounding green spaces and reserves offer a relaxed, outdoorsy lifestyle. It's a location that supports both quiet nights in and easy weekends out.
