Where Character Meets Country Living on a Full Acre

Welcome to a home that refuses to be ordinary — a solid, retro-style gem sitting proudly on a generous one-acre block in the heart of Mitchell. This three-bedroom, one-bathroom residence is brimming with personality, practical features, and enough space to make your neighbours wonderfully jealous.

Step inside and you will find an open-plan kitchen that overlooks the dining area, flowing seamlessly into the lounge — a layout designed for those who believe the best conversations happen while someone is cooking. The modern, sleek bathroom is a standout, featuring a freestanding bath, separate shower, and double sink vanity that elevates the everyday into something rather luxurious. The master bedroom boasts a huge walk-in robe fitted with built-in shelves, because life is too short for cluttered wardrobes.

A large mudroom with linen storage and spacious laundry keeps the practical side of life beautifully organised, while the front verandah invites you to slow down and admire the garden with a cuppa in hand.

Outside is where this property truly flexes. The fully fenced block offers private side access to the rear yard, leading to a large shed
