

115 Glen Retreat Road, Mitchelton

STUNNING NEW CONSTRUCTION - FAMILY FRIENDLY FLOORPLAN!

Positioned within a quiet and established pocket of Mitchelton, this newly completed residence by Leading Edge Constructions delivers a thoughtfully designed two-level layout with strong proportions, refined finishes, and seamless connection between indoor living and outdoor entertaining.

At the centre of the home, the open-plan living and dining area connects directly to the covered alfresco entertaining zone and pool beyond, creating a natural extension of the main living space. The kitchen anchors this zone with a fluted island bench, double butler sink, Smeg 900mm freestanding oven, integrated dishwasher, and urban brass tapware selections, supported by a separate butler's pantry that enhances everyday functionality and storage efficiency.

The alfresco entertaining area has been designed as a true second living space, complete with an outdoor kitchen and clear sightlines across the pool and backyard, allowing the home to function equally well for everyday family living or larger gatherings.

The floorplan provides excellent flexibility across both levels. A ground-floor bedroom positioned alongside a full bathroom offers practical separation for guests or extended family, while upstairs centres around a dedicated family retreat and four additional bedrooms. The primary suite is privately positioned and includes a walk-in robe and a well-appointed ensuite finished with twin showers, above-counter basins, and urban brass fittings consistent with the home's overall material palette.

Additional spaces include a separate media room, mudroom-style internal entry from the garage, dedicated laundry, and multiple storage zones throughout, reinforcing the home's suitability for long-term family living without compromising flow or usability.

Located within a well-connected residential pocket of Mitchelton, this newly completed home presents a practical and well-resolved family layout paired with a cohesive finish palette and established builder pedigree.
