design together, with each finish chosen to complement the next.

The kitchen makes a statement with its waterfall island, expansive benchtops and a five seat breakfast bar, finished with a feature pendant light overhead. A considered mix of stone and timber contrasting finishes brings depth to the space, complemented by quality appliances, including a five burner gas cooktop and an oversized butler's pantry with additional storage and a dishwasher. Flowing through to the open plan living and dining area, herringbone flooring adds another layer of detail while the gas fireplace and bespoke built in shelving create a natural focal point.

Extending the living space outside through the sliding doors, the alfresco is ready for everything from relaxed weekends to evenings with family and friends with an outdoor sink and gas connection for a well equipped outdoor kitchen. Low maintenance landscaping and a fully fenced yard complete the outdoor setting, with an electric entry gate securing the driveway and double length garage, along with additional off street parking.
