Family Life At It's Finest!

Fully fenced and situated for all-day sun, this 3/4 bedroom property was built in 2018 and would make an outstanding family home. The elevated positioning captures a beautiful outlook, with plenty of natural light streaming into the living areas, and it's so easy to be located inside and watch the kids play safely on the level front lawn. The indoor/outdoor transition is serviced via two separate access points, both extending to the spacious deck where all your afternoon and evening entertaining can be done.

The interior of the home can be configured as three bedrooms with two separate living areas if you wish, otherwise you can comfortably utilise as four bedrooms with the large living/dining/kitchen being ample for family life. Additional benefits include; an ensuite in the main bedroom, a ducted heat pump + wood burner, and the generous double garage with plenty of further driveway parking. Located in a quiet cut-de-sac within the popular Owhiro River development, this is most certainly a lifestyle change for the better!
