20 Monte Visto Court, Mount Louisa

## Executive Living with Pool, Theatre & Breezes.

Perched high on the hill in Mount Louisa, this home instantly feels like a retreat. From the moment you step inside, the cool breezes drift through and the solid block construction gives a sense of strength and security. With its elevated position, there's no need to worry about flooding, and the subtle north facing outlook adds just the right touch of view without the upkeep of a steep block.

The layout is designed for everyday family life as well as entertaining. At the heart of the home, the kitchen, dining and lounge all flow together, opening seamlessly to the rear patio where weekend barbecues spill out by the pool. The kitchen itself is a highlight! crisp white cabinetry paired with modern grey granite benchtops and an oversized oven that makes cooking for a crowd a breeze.

When it's time to relax, you've got options. Movie nights take on a whole new meaning in the dedicated theatre room, while the four spacious bedrooms (all with soft carpet underfoot) ensure everyone has their own retreat.

The master suite is a true escape, while the other bedrooms share a well-appointed bathroom that keeps family living practical.
