This surprising home gives little away from its street frontage, tucked away in a quiet cul-de-sac on almost 6 acres just a few minutes to town amenities. The landscaping has been thoughtfully designed to ensure privacy and still capture a rural outlook.

The home comprises of 3 bedrooms, renovated kitchen, tidy family bathroom, large central living area, wrap around enclosed patio/second living area. After some recent renovations throughout the home, it is move in ready and provides a comfortable standard of living.

Outside the property has had extensive work over the years, a tropical retreat of garden paths finding different pockets surrounding the main dam. There is a storage shed with attached stables, small cabin, vegie gardens, rainwater tanks, securely fenced, solar power, circular driveway, significant retaining and terraces, a second dam. Some work in the gardens will have the grounds to its former glory and still have some paddocks for a few animals.

So it is no frills, as is where is, but it represents a great opportunity for an entry level home without the long list of renovations.
