Top-Floor Luxury with North-Facing Treetop and Harbour Views

This exceptional warehouse residence in the iconic and prestigious 'Whites' building offers house-like proportions and a serene ambience, showcasing outstanding craftsmanship and design. Nestled on the edge of Trumper Park, this distinctive warehouse conversion is a true piece of architectural history. Originally a 1941 Moderne-style building, it has been thoughtfully transformed into a modern living space, maintaining the raw industrial elements that make it unique. Celebrated by the Powerhouse Museum for its exceptional conversion, the apartment harmoniously fuses modern aesthetics with the building's original warehouse character.

Occupying a prized, tightly-held top-floor position, it spans two levels, each opening onto expansive north-facing terraces with tranquil, private treetop and harbour views, while heaters on the terraces ensure year-round enjoyment of the outdoor spaces.
