The front deck is the perfect place to start the morning with a coffee, entertain family and friends in the afternoon, or simply sit back with a glass of wine and watch the sun set over the mountains.

It's an outlook that changes throughout the day and provides a beautiful backdrop to everyday life - one you'll appreciate time and time again.

Designed for Family Living

Inside, the home delivers a thoughtful and practical floorplan with four generous bedrooms, two bathrooms and two separate living areas, providing plenty of space for growing families.

The bedrooms are well proportioned and feature built-in storage, while the master suite offers its own private ensuite.

The bathrooms are stylish and practical, with two shower heads adding an extra touch of convenience.

The heart of the home is the impressive expansive kitchen, offering an abundance of bench space and excess storage - perfect for busy family life or entertaining friends and family.

The gas cooktop adds to the kitchen's functionality, while the generous layout allows the kitchen to remain connected to the living spaces and flows seamlessly to the front deck.

With two separate living areas, there is flexibility for everyone. Use one as a formal lounge and the other as a family or media room, or create separate spaces for adults and children - the choice is yours.

Practical Features for Everyday Life

This home has been designed with practicality in mind, offering plenty of useful features throughout.

A large separate laundry at the rear of the property provides excellent space for appliances, storage and household organisation, keeping the everyday necessities tucked away from the main living areas.

The double lock-up garage with internal access provides secure parking and added convenience, particularly when bringing groceries or the kids inside.

The home is also equipped with solar, providing an energy-efficient addition that may help reduce household electricity costs.

Outside, the low-maintenance yard and gardens mean you can spend more time enjoying the property and less time maintaining it.
