drive onto the M3 into town

Move-in ready, just as she is, the home at 11 Marla offers a versatile dual living floorplan.

While many original features still sing sweetly, like the sumptuous timber floors through the second-level lounge and bedrooms, there's room to improve with internal cosmetic updates like retiling the bathrooms - of which there are three in all. The upstairs kitchen is well-equipped to cater to a full house, with quality electric appliances and loads of storage and prep space.

Downstairs there's a massive, air-conditioned master bedroom complete with charming parquet floors as well as a walk-in robe and huge ensuite. There's also an expansive entertainment patio with an outdoor kitchenette featuring a barbecue, and a terrace for stargazing.

This is a sizable block with loads of potential for a keen gardener or the person drawing up plans for an extension (STCA).

Roberston has long been a sought-after southside suburb because of its proximity to the M3 and speedy trips into town by car or bus, as well as its convenience to lively retail, entertaining and dining hubs like Sunnybank Plaza, Market Square, and Westfield Mt Gravatt.

Year on year, new houses are being constructed along Robertson's leafy streets, attracting quality buyers and families looking for a stake in a neighbourhood with strong capital growth potential and all the essentials close at hand.

From this address, you can easily walk to city-bound buses along Mains Road or Nissan Arena, and it's only a short drive to Robertson State School (three minutes), MacGregor State High and Griffith Uni (four), QEII Hospital (five), Sunnybank Plaza (six), ALDI (seven), Westfield Mt Gravatt (eight) and only three minutes onto the M3.

Make this your home straight away or rent it out while you plan its exciting future!
