From the street, the home has a gorgeous European presence - classic brick construction, full-length balconies, manicured frontage - but inside, it feels warm, practical and incredibly functional for large families. There's room for everyone here without losing that sense of connection that makes a house feel like a home.

Upstairs is where daily life naturally comes together. The kitchen sits right in the centre of it all, with generous bench space, loads of storage and a breakfast bar where breakfasts, homework and late-night chats all happen. Large living and dining areas flow onto the covered front and back balconies, catching breezes and giving the whole level a relaxed, open feel.

Upstairs also features five generous bedrooms with built-in wardrobes and a master ensuite, offering excellent functionality and space for families to spread out.

Downstairs offers remarkable flexibility with one large ensuited multi-purpose room, ideal for extended family members, teenagers, guests, plus two spacious rooms well-suited for work-from-home arrangements. There is also a separate oversized laundry and utility area, a separate foyer, and enormous double garage space - the potential for uses here is endless.

And then there's the backyard.

The pool is enormous - the kind kids remember growing up with - complete with shallow and deep sections, loads of surrounding space and easy supervision from the entertaining areas. Add the BBQ zone, fenced grass yard and oversized patio, and you've got a setup that will genuinely be used year-round. Birthdays, Christmas lunch, post-sport swims, family gatherings - this home handles it all effortlessly.

Additional features include:

- ? New air-conditioning units
- ? Oversized double garage with workshop/storage space
- ? Covered balconies and entertaining patios
- ? Large laundry and utility areas
- ? Side access gates
- ? Extensive internal storage throughout

Location-wise, it's easy to see why families hold onto this pocket so tightly. Everything is within walkable, easy convenience.

- ? 4-min walk to buses servicing Griffith University, Eight Mile Plains & Garden City
- ? 10-min walk to Sunnybank Plaza & Market Square
- ? 10-min walk to QEII Hospital
- ? 13-min walk to Robertson State School

Big family homes are hard enough to find. Ones with this much flexibility, this much substance, and this kind of location are even rarer.

34 Veta Street is the sort of property families move into and stay in for decades - because once you're here, there's simply no reason to leave.
