

220 Sandy Point Road, Salamander Bay

Space, Position and Plenty of Potential

Set on a generous, level 756m² block backing onto reserve, this is an appealing opportunity for buyers looking for a solid single level home with room to add their own style, or investors considering the future potential of a well located parcel of land.

The home offers a practical and spacious layout with three bedrooms, two bathrooms and a generous living area. The large kitchen and dining zone forms the centre of the home, while the separate living room features raked ceilings and exposed beams, adding character and a wonderful sense of space.

Comfortable as it stands, there is clear scope to update and modernise, particularly the bathrooms, making this an ideal project for first home buyers or renovators wanting to improve a property over time.

Outside is where the size of the block really comes into its own. A covered entertaining area overlooks the large, level backyard, while side access provides excellent accommodation for a boat, caravan or trailer. Backing directly onto reserve also provides a leafy outlook and added privacy with no residential neighbour immediately behind.
