The upside of apartment living is the elevation and outlook across town, with everything just a short walk from the elevator doors. The perfect "lock and leave" residence if you want to travel or have to come into town for work or kids at school. It is secure, comfortable and so easy to maintain while offering supreme privacy. The downside is you may never want to leave.

Please note the property is leased until February 2027, and inspections require 48 hour's notice.
