12 Wattle Grove, Springbrook

Charming Hand Built Rainforest Mountain Retreat in Springbrook

Tucked away in the lush, World Heritage-listed rainforest of Springbrook, this gorgeous hand-built chalet offers the perfect blend of escape and convenience. Crafted with recycled timber and brimming with warmth, character, and soul, 12 Wattle Grove is a rare gem that invites you to slow down, breathe deeply, and reconnect with nature.

Relaxed and unpretentious, the home's design is deeply sympathetic to its natural surrounds. Large windows frame the forest canopy, drawing the outside in, while the stunning stone fireplace promises cozy evenings on crisp Springbrook nights. Every corner of the home tells a story, from the lovingly chosen materials to the thoughtful layout that makes it ideal as a weekend retreat, full-time home, or smart investment.

Downstairs you'll find two comfortable bedrooms, one with direct access to the deck for that perfect morning coffee. Upstairs, the third bedroom is a private loft retreat with its own separate seating area — a flexible space for reading, working, or simply relaxing.
