The Home for a Perfect Contemporary Lifestyle.

Perfectly positioned within an elevated locale, this boutique modern build requires only one more vital component: your family to call it home. Design is here married with luxurious finishes to create a family-oriented home of stunning quality.

Sitting proudly at the crest of the street on a fully fenced 350sqm block, the facade is the remarkable initial impression that defines the home. This Queenslander style echoes the surrounding character homes. The heart of the home, that place where you and your family will create years of happy memories, is the primary living area which seamlessly joins the level backyard and rear alfresco.

You are quietly drawn around the primary living area to multiple touchpoints. Immediately, the high ceilings engage the senses and create a soaring space. The perfect eastern orientation frames the lovely natural light that is such a distinctive feature of Brisbane, crafting a homely scene. The multiple windows open out onto the home's green gardens - light and air and space again are enhanced.
