## A Once-in-a-Lifetime Offering - A Landmark on the Bay of Fires

Positioned directly above Taylors Beach in the Bay of Fires, voted Australia's Best Beach area for 2025, this architecturally designed residence is a rare fusion of design, scale, and absolute coastal immersion.

### AN IRREPLACEABLE POSITION

Offered to the market for the first time in 40 years, this is more than a home, it's a statement. Elevated and purpose-built to capture one of the country's most extraordinary coastal outlooks.

Defined by striking rooflines, double-height voids, and distinctive structural elements, the home has been thoughtfully designed to frame the ever-changing ocean from every angle. Expanses of glass draw the outside in, while multiple levels provide both connection and separation, ideal for extended family living or a private retreat.

### WHERE THE OCEAN MEETS ARCHITECTURE AND TIME SEEMS TO STAND STILL

From your backyard, step directly onto the powdery white sands, where aqua and turquoise waters meet the iconic fire-orange granite formations of the Bay of Fires.
