This spacious and versatile five-bedroom home offers room for the whole family and more, set on a beautifully landscaped one-acre block designed for comfortable living and entertaining.

The huge air-conditioned master suite is a true retreat, complete with bathroom and study area. All additional bedrooms include built-in robes, while the flexible layout allows the master suite to easily double as a second living area if five bedrooms are not required.

At the heart of the home is a stunning kitchen that flows seamlessly to the separate dining and living areas, creating the perfect space for everyday living and family gatherings. New flooring throughout adds a fresh, modern feel to the home.

Step outside and you'll find a huge covered entertainment area overlooking the saltwater inground pool and beautifully maintained grounds. The one-acre block also features a bore, providing a practical solution for maintaining the gardens and lawn.
