

4 Hudson Street, Warwick

COME HOME to COMFORT, SPACE and SECURITY...

Drive in, close the gate, and step into a beautifully renovated home that feels welcoming the moment you arrive. Polished hardwood timber floors lead you to a brand-new kitchen with stone benchtops, quality appliances and an island bench perfect for casual meals or morning coffee. Beyond the living areas, a generous, fully secure yard invites family time to kick a ball, entertain, or simply enjoy the open space.

Magnificent sunsets are yours from the expansive front deck, which links the living areas to the master bedroom and ensuite. The home features four bedrooms (all with brand-new carpet and quality curtains), two spacious bathrooms each with its own toilet, plus a third separate toilet. This property would be ideal for families or professional couples who value convenience and privacy. The laundry is generously sized with ample storage. The down lighting throughout creates a warm, inviting ambiance, and the freshly painted walls gives the property a clean, cared-for feel.

The master bedroom opens to the morning sun and undercover front deck, while the insulated high-access carports make everyday living practical. The secure rear yard offers excellent potential: room for a granny flat along the rear boundary (north-facing for winter sun), and the land has no encumbrances—so the outdoor space is fully
